DEVILIZER

(Piotr Wiwczarek / Piotr Wiwczarek)

Born in the deepest lake of tears
From the crypts, my lair I rise
Summoned by cruelty and pain
With southern blow I arrive
In blackest territory of your soul
Emptiness just waiting for fill
I come bringing relief
Like a shadow on the waste
I smell your excitement...
south as I arrive!

Lead: Peter

Hate and desire is like a prayer
So I spread my wings on the wind
I howl wild in my madness
I come to you tonight
... open your soul for me!

Lead: Peter

Born in the deepest lake of tears
From the crypts, my liar I rise
Summoned by cruelty and pain
With southern blow I arrive

So I spread my wings on the wind
I howl wild in my dreams
I come to you tonight
... to raise the undead

RISE OF THE UNDEAD

(Piotr Wiwczarek / Piotr Wiwczarek)

Burning ashes consuming dying world
Total cemetery infected by the living
Final act, metamorphosis
Screaming to release the wrath and pain

Raise!!!! .. the Undead
Awake and roar
Rise!!!!..of the Undead
To rule again...

Now alive–awakened to awake
Yet not forgotten Spirit dwelling in a Deep
Rise above again!
And give us back the pride
Crush the false humanity
Hear us, who
respect Your Flame

Lead: Peter

Smell of the rotting flesh
– putrefaction cover all around
The ground is moving, crosses fall
– the apocalypse was only the beginning
Hands pointing the burning skies
– where the guilty one wears the stolen crown
Enough!!! Our slumber is just broken
– ...and the False and his slaves must be gone!!!

We all calling Judge from burning pits of Hell
Released by Death – Undead we became
No more suffering for us and our brothers
Vengeance is about to begin....

Raise!!!! ..the Undead
Awake and roar
Rise!!!!..of the Undead
To rule again...
Rise!!!! .. the Undead
Scream it loud!!!
RISE!!!!

NEVER SAY MY NAME

(Piotr Wiwczarek / Piotr Wiwczarek)

Since Your Rebirth
I am always with You
Deep in Your mind
Creative, protective
And never forget it...

I was and I am
In Your thoughts and Your breath
I dwell in Your dreams
I am Your Life and Your Death

Lead: Peter / Marek

I stay with You
Every day every night
You hear my whispers
I am Your guide

So never again
Say my name aloud
Protect what You've got
And keep it away from
the crowd

BLAST

(Piotr Wiwczarek / Piotr Wiwczarek)

Melted World
Chaos exonerated dominates
Fire walks around...
Blast
Nuclear attack total genocide
All Gates are wide opened now!

But we are here
We will survive
With scorched wings spread
We'll fly above

Look upon the red horizon
New generation comes now
The Future, The seed of Fire

Soon we'll absorb You all

But we are here
We will survive
With scorched wings spread
So look upon the red horizon
New generation comes now
The Future, The seed of Fire

Soon we'll absorb You all

Lead: Peter

THE SEAL

DARK HEART

(Piotr Wiwczarek / Harry Maal)

On my journey through the crypts,
with sideways, a thousand.
Where to go, uncertain
My eyes catch so many sights
Heavenly cathedrals and hellish gates.
A choice falls upon me, again

How do they navigate, all these halls?
With no attempt to anticipate and read
Whispered words vibrate through the cold walls
My environment and the ghosts
still circling around me.
But I am a blind man
In my own crypts and mazes.
Do you know how it feels,
when a moon rises in the sky
While her light does
not dare to caress your skin?
Do you know?
When water flows around, not touching

Have you ever felt the eyes,
turning away when in your presence?
What it is like, to be judged by a demon?
What it is like, to be judged by an angel?
When death, so uncomplicated,
just turns into madness

Lead: Peter

Do you know how it feels,
when a moon rises in the sky
While her light does
not dare to caress your skin?
Do you know?
When water flows around,
not touching.
Have you ever felt the eyes,
looking through your shape....

IMPURE

(Piotr Wiwczarek / Harry Maat)

I have roamed the unseen lands
My body drenched with sulfur blood
I walk Their paths and read Their books
None led to cleanse me
So cursed I dwell in silence
In darkness as my guide
To the next who say: "I am..."
And walk His way...
again....

I know I will be shunned
No Deity takes my offering
Cut off from lives of many
None dare to touch impure...

Who is next?
Who's gonna fail me now?
My raped soul, unwanted
Still forced to be alone
Still alone...

Lead: Peter

Who is next?
Who's gonna fail me now?
My raped soul, unwanted
Still forced to be alone
But vengeance in my mind
So dark for those who seek it
My breath, My touch
In purest form–IMPURITY!

SUMMONING THE FUTURA

ANGER

(Piotr Wiwczarek / Piotr Wiwczarek)

HATE – All I see is blood red
PAIN –like thorns in my heart
KILL – Cold steel in my hands
DIE – Those motherf**kers have to pay
ANGER! – My mind burns
ANGER! – All veins explode
ANGER!– Blinded eyes
ANGER!!!– and pain...

BURN – Fire walks with me
MADNESS – It is all I feel
Is there any chance – to save it all
And touch our Earth not soaked with blood....

Lead: Marek / Peter

HATE – All I see is blood
PAIN –like nails in my hands
KILL – many pierced flesh
DIE – Now all have to pay

ANGER! – My mind burns
ANGER! – All veins explode
ANGER! – Blinded eyes
ANGER! – World's collapse!...now

WE ARE THE HORDE

(Piotr Wiwczarek / Harry Maat)

Lead: Peter

Ground is trembling, severe stench engulfs
Fear possesses the weak being you are
With convulsive tremble of Darkness,
our legions move, We are the Horde

We come from the Absence of Light!

Squalor poisons the ground we walk
Diminishing who pray the falseness of the God
I am the Horde! We are the Horde! Yes,
We are !!!!!

Intense fear, the trail you leave
Leads to vulgar death
We erupt the feast of the blackest path
Our touch alone, sets in Soul bleed
Draining the wretched life from your bones
We bring the suffering!

Lead: Peter

We Are The Horde!
Brutality unseen before
Feeble human, on your knees to die
We bring the suffer
We are the Horde
Yes, We Are!

Futile ways to save your flesh
Once We are you shall not live
Fading light drained from your eyes
As your puny god laughs about your pain

We Are The Horde!
We bring the suffering!
We are the Horde!
We are who benighted
From the absence of Life
Yes, We Are!

Where the Sun Drowns in Dark

(Piotr Wiwczarek / Harry Maal)

Walk the hidden ways of mysterious,
iniquity lands.
Paved with roads of thorns.
Light has diminished to none.
A world of total Splendor,
Ravenous for devotion.
Where all gods possess the thrones.
Worshipped by those with no will.

A rapturous love, their moral goodness.
With no emotion,
they kill dissimilarity
Indisputable allegiance to wicked ways.
Overthrown all their teachings.
The abrupt failure of now impaled beings.
Their temples burn in blazing fire.
All life absorbed by her Darkness
Never to return again,

Echoes of the nameless.
Erupt from her womb.
Where the Sun drowns in Dark,
The Left Hand Path engulfs.

Only when the One who fell,
Betrayed by their lies,
Made her way to their icon doors.
And evoke the darkness

She made the sun disappear
All Stars collapse and daylight fades.
She has a grip on all that was.

Lead: Marek / Peter

Overthrown their teachings.
Abrupt failure of now impaled beings.
Their temples burn in flames.
As her grip is ferocious.
When the Sun has drowned in Dark.
All that ever was, will be only a memory
And your tears will be fuel to Her reign.

Echoes of the nameless.
Erupt from her womb.
Where the Sun drowns in Dark,
The Left Hand Path engulfs.
